Why study Interdisciplinary Studies?

The Interdisciplinary Studies Program offers students degree programs which provide a broad background applicable to a variety of careers. The program has three emphases: liberal arts, prior learning and interdisciplinary studies. This program is intended to serve: students who prefer a broad liberal arts concentration (Liberal Arts); students who have acquired substantial specialized training and experience outside the academic classroom (Prior Learning); students who wish to complete an interdisciplinary option using two or three academic disciplines (Interdisciplinary).
