Major Academic Plan (MAP)

Associate in Arts & Sciences
BA in Social Work
Department of Social Work
College of Social Sciences (CSS)

Why study social work?

If you want a career with meaning, action, diversity, satisfaction and an abundance of options, social work is for you! Social workers are skilled professionals who work hard to empower individuals, relieve suffering and affect social change. Baccalaureate social workers are generalists who work in a variety of settings and a common core of values, knowledge and skills. Social work is an excellent career choice for those who care about human dignity and social justice - and it may be just what you are looking for.

Social Work Major (76 credits)
